MEADOWBROOK, PA – Patrick S. Rice, Vice President of Commercial Lending for Ambler Savings Bank, recently presented The Meadowbrook School's Head of School, Michael J. Reardon with a donation for \$10,000.

Over the past four years, Ambler Savings Bank has given The Meadowbrook School \$40,000 through the Pennsylvania Educational Improvement Tax Credit program. EITC support allows The Meadowbrook School the opportunity to provide the educational foundation young students need to excel and fulfill their dreams for successful futures.

The funds are used to help off-set tuition costs for the school's pre-kindergarten program for eligible students, as defined under state guidelines. The EITC program enables Pennsylvania businesses to give contributions to pre-k scholarship organizations that give private-school scholarships to eligible children. Thousands of children throughout Pennsylvania benefit from EITC scholarships.

Meadowbrook is a community uniquely focused on elementary education. For further information, please visit [www.themeadowbrookschoool.org](http://www.themeadowbrookschoool.org)
